

CDI-Talent Management is a division of CDI focusing on the project management of complex permanent placement, contingent workforce and enterprise-wide staffing cycle programs. With expertise encompassing virtually every industry, we improve a client's talent acquisition process - from permanent placement projects to managed staffing engagements - through three service lines: *Recruitment Process Outsourcing*, *Managed Services* and *Staffing*. These three programs can be combined or delivered separately to best fit a client's recruitment needs.

Recruitment Process Outsourcing

The design, implementation and execution of a client's recruitment process - from approval of requisition to on-boarding - utilizing best practices, technology and scale of the CDI organization.

Managed Services

The design, implementation and management of complex contingent workforce procurement and vendor management requiring technology, hiring process professionals and project management expertise. The result is better overall management of enterprise wide spend on talent procurement.

Staffing

A full range of technical staffing solutions to best satisfy customers fluctuating needs with either professional recruiting or payrolling expertise.
